HOW TO TAKE A GOOD PHOTO

- ▶ Use good, clear, color 35 mm pictures or digital images in .jpeg format.
- ▶ Pictures need to include the entire building/structure. (We can work from multiple photos provided all areas are represented.)
- ▶ **Your keepsake will be a straight-on front view.** However, photos of your structure at different angles and close-ups of architectural details are very helpful. Remember...shadows hide details!

- ▶ For a good, straight-on photo, stand directly in front of the building. Snap your picture when only two of the building's corners are visible in your camera frame.

ENSURING COLOR ACCURACY

- ▶ We will do our best to match the colors shown in your photos. For the best color accuracy, avoid taking outdoor photos between 10:00 a.m. and 3:00 p.m.
- ▶ If sending digital photos on a disc, or if the colors in your photos aren't accurate, visit your local paint store to pick up paint chips with colors that match your structure. Include these paint chips with your order.

INCLUDE WITH THIS ORDER

- ▶ Payment (check, money order, or credit card)
- ▶ Clear photos of your home, including a straight-on front view. Be sure to send close-ups of any areas not visible in the main photo. Unacceptable photos will delay delivery. Photos will not be returned.
- ▶ Your personal story or description for the back of your replica, typed or neatly printed.
